

The New ATLAS Data Room

A Work in Progress

(User Suggestions Welcome)

New Data Room 2006

Issues:

Users need more workspace for laptops etc.

Groups are bigger so there is need for discussion area.

Electronics are almost never set up in data room.

SO

We have made a plan to re-use the space to match current need

- Removed Electronics Pool
- Removed about 50% of the rack space
- Install wireless network
